### Parent Training

<b>Source/Developer</b>	z-proso Project Team
<b>Description</b>	<ul style="list-style-type: none"><li>• A comprehensive inventory of parent-training courses attended since the target child's birth. For each course respondents are asked when they attended it, how many times they attended it (dosage), whether they liked it, and whether they think it was useful. If a parent attended a "Triple P" course they are also asked of what standard elements of the programme they make use at home.</li><li>• Parents who were offered to participate in one of z-ok's free "Triple P" courses, and who actually did not, are asked for the reasons of their non participation.</li><li>• The introductory question assesses from whom parenting has been learned.</li></ul>
